Re: Harold P. Ennis, Application No. HCC-2026-08815, Notice of Action dated July 8, 2026

I am my father's authorized representative. I request a fair hearing on the denial of his application for in-home care assistance.

Resources

The notice says his countable resources are $8,420.00. The Statement of Income and Resources we submitted lists $6,150.00 in countable resources. The prepaid burial contract with Linden Grove Funeral Home is irrevocable and was listed as excluded. It appears the Department counted it.

Functional assessment

The notice says his functional assessment score was 14. We were not given the assessment record or told how the score was reached. His physician, Dr. Okafor, states that he needs help with bathing, dressing, transfers and medications, and recommends at least 20 hours per week of personal care. I ask for a copy of the assessment record before the hearing.

Request

Please schedule a fair hearing and send me a copy of the records used to make the decision.

Signed: Ruth Ennis-Calder
